

Assemblyman Andrew Hevesi

28th Assembly District (Forest Hills)

"As a Marvel fanatic, I could not be more proud of our community's efforts to recognize our unique claim as the home of Spiderman. This will be a point of pride for Forest Hills' position as a beacon of goodwill, and inspire generations to come, both locals and visitors alike. Thank you Larry Ng for spearheading this project and all of the local advocates and fans for lending their support."
